|  | Veraltetes HTML                    | Sehr gut! Sie verwenden aktuelle HTML Tags in Ihrem Webseitenquelltext.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|  | Tipps zur Webseitengeschwindigkeit | <div><div> Achtung! Versuchen Sie verschachtelte Tabellen auf Ihrer Webseite zu vermeiden.</div><div> Perfekt. Es wurden keine CSS-Angaben in HTML-Elementen entdeckt!</div><div> Gut, denn Ihre Webseite enthält nur wenig CSS-Dateien.</div><div> Perfekt, denn Ihre Webseite enthält nur wenig Javascript-Dateien.</div><div> Gut! Sie nutzen die Vorteile von gzip.</div></div> |
